SHATTERHAND AND THE PEOPLE

In the path of the white man's westward expansion stands the camp of the largest gathering of warriors ever seen. These are The People – Sioux, Cheyenne and Arapaho: former enemies united into a massive force by Chiefs Roman Nose and Red Cloud.

Now the legendary frontiersman, Shatterhand, is sent by General Sherman to parley with the chiefs ... and if possible avoid a full-scale Indian War!

ABOUT THE AUTHOR

Leaving school early with few qualifications, Bryan Holmes went to work in a factory and then, in his own words, "got cheesed off, jacked it all in and went to university." Upon graduating he went to work teaching economics in a College of Advanced Technology and stayed in the profession for the rest of his working career. Bryan started writing seriously in the 1950s, but it was only in the mid-1970s that he turned to the western. "The odd thing is I'd never read a western until I'd written my first. Of course, I've read many since -- either to see how others do it or to read the books of writer-friends -- but I originally fell into the genre quite by accident." After *The Avenging Four* was accepted for publication, Bryan never looked back. In addition to a steady stream of accomplished westerns, he also began to sell short horror, crime and SF stories in the fields of science fiction, "and hearing actors speak my lines on the BBC, no less." Although poor health has now effectively ended Bryan's writing career, we are pleased to be reissuing two of his best-loved series -- *The Reaper* and *Shatterhand* -- in digital editions.
