The Greek Myths

Robin Waterfield, Kathryn Waterfield

The Greek Myths Robin Waterfield, Kathryn Waterfield

A highly readable and beautifully illustrated re-telling of the most famous stories from Greek mythology.

The Greek Myths contains some of the most thrilling, romantic, and unforgettable stories in all human history. From Achilles rampant on the fields of Troy, to the gods at sport on Mount Olympus; from Icarus flying too close to the sun, to the superhuman feats of Heracles, Theseus, and the wily Odysseus, these timeless tales exert an eternal fascination and inspiration that have endured for millennia and influenced cultures from ancient to modern.

Beginning at the dawn of human civilization, when the Titan Prometheus stole fire from Zeus and offered mankind hope, the reader is immediately immersed in the majestic, magical, and mythical world of the Greek gods and heroes. As the tales unfold, renowned classicist Robin Waterfield, joined by his wife, writer Kathryn Waterfield, creates a sweeping panorama of the romance, intrigues, heroism, humour, sensuality, and brutality of the Greek myths and legends.

The terrible curse that plagued the royal houses of Mycenae and Thebes, Jason and the golden fleece, Perseus and the dread Gorgon, the wooden horse and the sack of Troy--these amazing stories have influenced art and literature from the Iron Age to the present day. And far from being just a treasure trove of amazing tales, *The Greek Myths* is a catalogue of Greek myth in art through the ages, and a notable work of literature in its own right.

From reader reviews:

Evita Young:

The reason? Because this The Greek Myths is an unordinary book that the inside of the e-book waiting for you to snap that but latter it will distress you with the secret this inside. Reading this book adjacent to it was fantastic author who else write the book in such amazing way makes the content on the inside easier to understand, entertaining method but still convey the meaning completely. So , it is good for you for not hesitating having this ever again or you going to regret it. This book will give you a lot of gains than the other book have got such as help improving your expertise and your critical thinking technique. So , still want to hesitate having that book? If I had been you I will go to the reserve store hurriedly.

Christine Hughes:

This The Greek Myths is brand new way for you who has fascination to look for some information as it relief your hunger associated with. Getting deeper you upon it getting knowledge more you know otherwise you who still having little digest in reading this The Greek Myths can be the light food for yourself because the information inside this kind of book is easy to get by simply anyone. These books produce itself in the form which can be reachable by anyone, that's why I mean in the e-book type. People who think that in e-book form make them feel sleepy even dizzy this e-book is the answer. So you cannot find any in reading a guide especially this one. You can find actually looking for. It should be here for an individual. So , don't miss that! Just read this e-book style for your better life in addition to knowledge.

Antonio Nelson:

Don't be worry when you are afraid that this book will probably filled the space in your house, you will get it in e-book means, more simple and reachable. This The Greek Myths can give you a lot of good friends because by you looking at this one book you have matter that they don't and make you more like an interesting person. This particular book can be one of one step for you to get success. This reserve offer you information that possibly your friend doesn't recognize, by knowing more than different make you to be great persons. So , why hesitate? Let me have The Greek Myths.

Kenneth Jordan:

As we know that book is essential thing to add our know-how for everything. By a reserve we can know everything we really wish for. A book is a list of written, printed, illustrated or even blank sheet. Every year ended up being exactly added. This e-book The Greek Myths was filled concerning science. Spend your time to add your knowledge about your scientific disciplines competence. Some people has several feel when they reading some sort of book. If you know how big good thing about a book, you can experience enjoy to read a book. In the modern era like today, many ways to get book that you wanted.
