DECISIONS: In the wake of his wife's death, Bruce took the bloodiest of revenges on the gangs who preyed upon the innocent, all while protecting the farm—now called Base Hope—against a seemingly endless horde of the infected. Returning from the very brink of sanity, Bruce makes the decision to rebuild America. He begins by planning the construction of the city of New Hope. But that doesn't mean Bruce will sit quietly by while other gangs are continuing their murderous pursuits. Knowing Base Hope is in good hands, and New Hope is rapidly becoming a reality, he takes the forces of Omega and Gamma and goes on the hunt. They encounter super hordes numbering in the millions, who threaten the remaining survivors of the United States. Bruce and his army are determined to wipe out as many of the infected as they can. Rescuing survivors and accumulating resources along the way, they begin to retake America, one major city at a time. Meanwhile, the President of the United States—the former Secretary of the Interior—wants to rule like a king. Safe in his government compound, he plots to move against Base Hope and take everything Bruce has fought so hard to protect. But the POTUS may have bitten off more than he can chew. An inside man, an old friend of Bruce's, is determined to do everything he can to protect the American way of life against the dictatorship the President intends to set up. Join Bruce and his clan in a race against time—to build New Hope and fortify Base Hope against the super hordes—all while preparing for the attack by the POTUS's troops.
