Paper Money of the United States: A Complete Illustrated Guide With Valuations. The standard reference work on paper money Arthur L. Friedberg, Ira S. Friedberg, Robert Friedberg

This landmark work is the standard reference on American currency. It is internationally acknowledged as the most comprehensive and universally recognized guide on the subject, illustrating and valuating all types of United States paper money. From the first year of Federal paper money, 1861, to present, the fronts and backs of all classes and types of currency, from 3 cents to 10,000 dollars are illustrated. These are accompanied by text listings, describing and pricing every variety of paper money ever issued. The results is a complete pictorial, descriptive and numismatic history of the currency of the United States. There are also sections on Colonial and Continental currency) notes issued from 1680 to 1788,) and a complete listing by type of the issues of the Confederate States of America (1864-1894). Both are illustrated and have market values in several states of preservation. Illustrations of United States currency are reproduced in color. And for those who think of America's currency as a constant study in green and black, the rainbow-like diversity of this section is a revelation. It contains a nearly complete collection of United States large and small size currency, many of them in the finest state of preservation possibly and some so extremely rare that they may only be seen wither on these pages or in an exhibition.
