Fangs, Fur, and Celtic Fairie Tales Michelle Houston

Two series in one print edition. **TIME AFTER TIME** Sands of Time: Like many, Nicole has told herself she would do the things she has always dreamed of "later"; diagnosed with a terminal form of cancer - later has come and she's going to see the world. Once she arrives in Scotland, she meets a man she can't resist. Ciaran offers her a hope for the future she had given up on having, but it comes with a price. For Ciaran is not what he appears to be, and his race can't risk anyone finding out they exist. **Turning Back Time**: Devastated at the news of her friend's death, Julie rushes to Scotland to find some answers. What she finds instead is Roarke. Unwilling to let go of her search, Julie winds up figuring out what happened to Nicole. Along the way, she finds her own chance at happiness, if she can accept that Roarke isn't human. **FANGS AND FUR** When an evil scientist starts experimenting on shifters and vampires, trying to uncover the secret to their kind, the races must join together to stop him. In the process, four couples find love and passion beyond any they could have imagined. **Unnatural Bonds**: Kali risks everything to free Riordan from the scientist. Once she succeeds, she isn't certain what to do with him. He has a good idea though ... if she's willing. **Laws of Nature**: When Shaylee escapes from a kidnapping attempt, she manages to get to safety and the shelter of her neighbor Garrett's arms. Once there, she discovers she doesn't want to leave. **Bound in Blood**: Anya is a protector for the vampire race. In the process of taking care of the threat to her people, she meets Ruben, who is delighted to find that she is his mate. Can this strong woman submit to a determined shifter? **Nature of the Beast**: As a councilor for the vampire race, Kathryn has had to make hard choices--including sending Anya to take care of the scientist hunting them. One of the hardest thought is accepting that she is a shifter's mate. As a future alpha, Vance isn't willing to accept no for an answer.
