IB Physics Course Book: Oxford IB Diploma Program Tim Kirk, Neil Hodgson

Covering all core and option units, this second edition was developed with the IB and accurately matches the 2007 syllabus. Written by a former IB chief examiner, free digital material drives an active approach to learning, and unrivalled insight into IB assessment concretely strengthens assessment potential.

- Uniquely developed with the IB and written by an experienced IB teacher to accurately match the 2007 syllabus
- Includes coverage of the Core, AHL and all Options, with examination questions throughout
- Includes experiments which strengthen practical understanding and cement comprehension
- The best integration of the IB philosophy, with real-world connections and TOK links building balanced and reflective learners
- New CD with exercises, practicals and quizzes
- Highly illustrated with material to support the exam
- Includes information on CAS and the Extended Essays in Physics

About the Series:

Oxford's IB Diploma Course Books are essential resource materials designed in cooperation with the IB to provide students with extra support through their IB studies. Course Books provide advice and guidance on specific course assessment requirements, mirroring the IB philosophy and providing opportunities for critical thinking.

The Enjoyable set up here cannot be questionable, similar to treasuring beautiful island. Techniques you still want to miss that? Find this book along with read it from right now!

Eugene Meunier:

As a student exactly feel bored to help reading. If their teacher requested them to go to the library or to make summary for some guide, they are complained. Just little students that has reading's heart or real their pastime. They just do what the professor want, like asked to the library. They go to at this time there but nothing reading really. Any students feel that reading is not important, boring as well as can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this IB Physics Course Book: Oxford IB Diploma Program can make you sense more interested to read.
