Humanity 2.0: What it Means to be Human Past, Present and Future Steve Fuller

Social thinkers in all fields are faced with one unavoidable question: what does it mean to be 'human' in the 21st century? As definitions between what is "animal" and what is "human" break down, and as emerging technologies such as artificial intelligence and nano- and bio- technologies develop, accepted notions of humanity are rapidly evolving.

Humanity 2.0 is an ambitious and groundbreaking book, offering a sweeping overview of key historical, philosophical and theological moments that have shaped our understandings of humanity. Tackling head on the twin taboos that have always hovered over the scientific study of humanity -- race and religion -- Steve Fuller argues thar far from disappearing, they are being reinvented.

Fuller argues that these new developments will force us to decide which features of our current way of life -- not least our bodies -- are truly needed to remain human, and concludes with a consideration of these changes for ethical and social values more broadly.

Brian Street:

Your reading 6th sense will not betray you, why because this Humanity 2.0: What it Means to be Human Past, Present and Future book written by well-known writer who knows well how to make book which might be understand by anyone who read the book. Written with good manner for you, still dripping wet every ideas and composing skill only for eliminate your current hunger then you still uncertainty Humanity 2.0: What it Means to be Human Past, Present and Future as good book not merely by the cover but also by the content. This is one publication that can break don't evaluate book by its include, so do you still needing another sixth sense to pick this kind of!? Oh come on your looking at sixth sense already told you so why you have to listening to one more sixth sense.

Sara Kelly:

As a student exactly feel bored to help reading. If their teacher questioned them to go to the library in order to make summary for some reserve, they are complained. Just tiny students that has reading's spirit or real their passion. They just do what the educator want, like asked to go to the library. They go to presently there but nothing reading seriously. Any students feel that studying is not important, boring along with can't see colorful photographs on there. Yeah, it is being complicated. Book is very important for you. As we know that on this time, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore this Humanity 2.0: What it Means to be Human Past, Present and Future can make you

sense more interested to read.
