The Way of the Five Seasons: Living with the Five Elements for Physical, Emotional, and Spiritual Harmony

John Kirkwood

The Way of the Five Seasons: Living with the Five Elements for Physical, Emotional, and Spiritual Harmony John Kirkwood

Here is a comprehensive and practical guide to using the Five Element model in your daily life in ways that can improve your physical health, foster mental ease and clarity, create more emotional balance, and bring you closer to spirit.

Having introduced the philosophical and practical principles of the Five Elements, the author invites you to 'live the book', immersing yourself in the many aspects of each Element during its corresponding season. He offers a range of methods of doing this, including activities such as movement, cooking, gardening, journaling, visualisation, meditation, dialogue and self-acupressure. In working with each Element, he explores the three levels or expressions of human life - the physical (structures, organs, tissues and systems), the psycho-emotional (thoughts, beliefs, self-images, emotions and reactions), and the spirit.

Detailed information is provided on each Element's specific attributes, associations, resonances and gifts, and anatomical illustrations are included for further guidance. An invaluable reference book for practitioners and students of Chinese Medicine who hope to become better practitioners to others, the book also provides the means to become a practitioner to yourself.

From reader reviews:

Susan Burroughs:

As people who live in the modest era should be upgrade about what going on or details even knowledge to make them keep up with the era which is always change and advance. Some of you maybe will probably update themselves by reading through books. It is a good choice for you but the problems coming to an individual is you don't know which one you should start with. This The Way of the Five Seasons: Living with the Five Elements for Physical, Emotional, and Spiritual Harmony is our recommendation to cause you to keep up with the world. Why, as this book serves what you want and want in this era.

Beverly Hummell:

Nowadays reading books become more than want or need but also get a life style. This reading behavior give you lot of advantages. The huge benefits you got of course the knowledge the rest of the information inside the book in which improve your knowledge and information. The data you get based on what kind of publication you read, if you want send more knowledge just go with knowledge books but if you want experience happy read one with theme for entertaining including comic or novel. The particular The Way of the Five Seasons: Living with the Five Elements for Physical, Emotional, and Spiritual Harmony is kind of reserve which is giving the reader unforeseen experience.

Audrey Rivas:

Playing with family in the park, coming to see the sea world or hanging out with friends is thing that usually you will have done when you have spare time, then why you don't try thing that really opposite from that. 1 activity that make you not sense tired but still relaxing, trilling like on roller coaster you have been ride on and with addition of information. Even you love The Way of the Five Seasons: Living with the Five Elements for Physical, Emotional, and Spiritual Harmony, you are able to enjoy both. It is very good combination right, you still need to miss it? What kind of hang type is it? Oh come on its mind hangout people. What? Still don't understand it, oh come on its known as reading friends.

Lawrence Wilson:

This The Way of the Five Seasons: Living with the Five Elements for Physical, Emotional, and Spiritual Harmony is fresh way for you who has interest to look for some information given it relief your hunger of information. Getting deeper you into it getting knowledge more you know or you who still having tiny amount of digest in reading this The Way of the Five Seasons: Living with the Five Elements for Physical, Emotional, and Spiritual Harmony can be the light food to suit your needs because the information inside this book is easy to get by anyone. These books develop itself in the form and that is reachable by anyone, sure I mean in the e-book type. People who think that in book form make them feel drowsy even dizzy this guide is the answer. So there is not any in reading a book especially this one. You can find actually looking for. It should be here for an individual. So , don't miss the item! Just read this e-book kind for your better life

and knowledge.
