England is a land of extraordinary variety, filled with unique buildings, captivating landscapes, and diverse people and wildlife. But this diversity is under siege. Mass production, increased mobility, and the forceful promotion of corporate identity have brought with them standardized stores, farms, factories, and front doors. Filled with the most distinctive tidbits of English culture past and present, *England in Particular* is a counterblast to uniformity and a celebration of the details and characteristics that cumulatively form England as a people and nation.
