“It seems you have some sort of condition.”

Those were actually the first words she coherently heard coming out of his mouth. She had come into the doctor’s office; he had introduced himself and asked her what the problem was. However everything seemed irrelevant once she gazed into those blue bottomless eyes. He looked incredibly sexy in a lab coat. The amazing ruffled brown hair, his profoundly serious and yet comforting smile, they all hypnotized Anna to the point of not being able to remember why she came here in the first place.

Anna is a timid introvert, and this doctor's appointment changed her life. Here she was introduced to a world of pleasure beyond her wildest imagination when this sexy doctor turns out to be not only a successful scientist, but is also working on an incredible and sexy experiment. It could change the face of the Earth, but more importantly put a smile on her face. A smile of never-ending, world-shaking and forbidden pleasure.
