Life: Remembering Sinatra: 10 Years Later

Life: Remembering Sinatra: 10 Years Later

From Hoboken to Hollywood, Frank Sinatra was always a larger-than-life package of talent, charisma and controversy. Singers had been big before, but there had never been a sensation like the young Sinatra. He drove the women wild and lived a life of monumental drama and intrigue. He secured his status as an icon of the highest order, one of the towering figures of the American century. "Nobody's ever been a bigger star than me," Sinatra said as a young man. "This'll never end." Ten years ago, it did finally end for "Ol' Blue Eyes". But for those of us who were his fans, there will always be his incomparable music and film roles. And now, thanks to the pictures and vivid narrative from the editors of "Life", memories of the extraordinary life and times of Francis Albert Sinatra are alive again. Ten years after the Chairman's death, here is the expanded version of an already classic "Life" book.
