How many times have you heard "The Nazis almost won the war!" Ever read a book about HOW they SPECIFICALLY could have won the Second World War? I never have, so I decided to write the book. And Whew, how close it was! You might wonder at the end of it all, if we are not actually living in an alternative dimension; that the British surrendered, and lost their Empire in the Summer of 1941, that the USA was not prepared to intervene in time, and the world ended up quite a different place than it is. And all that took place while nervous Americans went to the Rallies of the America First Committee, and rooted for the STREAK of Joe DiMaggio to continue on hot summer days and nights through May, June and July of one epic year.
