## Halcyon Ghosts Sam Sampson

*Halcyon Ghosts* presents 13 poems—13 shapes of knowing—from the cinematic reel “The Kid,” splicing stills of the poet’s grandmother and Charlie Chaplin, to the re-verse soundings of “Six Reels of Joy,” celebrating the birth of the poet’s daughter. The title poem displays a ghostly counterpoint of birds and words in flight; strikethrough poems are threaded through with runes of fact and fiction. Language, Sampson demonstrates, is as particular and transitory as the patterning of the natural world. Poems layer, link, and break apart, sampling and echoing other texts—whether the everlasting cataracts of Keats and Dylan Thomas or reportage gleaned from territorial newspapers of the Old West. *Halcyon Ghosts* is a profoundly philosophical and personal collection, an assemblage of unearthed vestiges, a quintessence where names displaced by light are dark but not lost.
