Mill House Animal Farm: Real Life - Short Stories (Winter 2012) Ety Schuurmans

This engaging and often humorous series of short stories is set in rural Ireland. It tells about daily life on a small-holding where the Well-being of Animals, the Conservation of Nature and the Restoration of 200 years old stone outhouses take priority over everything else in the farmer's life. The author, a retired medical doctor originally from The Netherlands and living in Ireland since 1998, is a firm believer in the power of Nature and strongly supports a "Live and let Live" policy with regard to all Creatures in the World. This series originally appeared as a blog and attracted many readers and followers. The book will be published in 4 chapters: Winter, Spring, Summer and Autumn (naturally...). The many beautiful pictures, incl. the cover photo, are taken by the author herself, who is a keen photographer also.
