## **The Dracula Papers, Book I: The Scholar's Tale** Reggie Oliver

Bram Stoker's immortal Dracula told us about Count Dracula as an undead vampire. But how did this come to be? Who was Dracula in real life? There has always been speculation, but The Dracula Papers now offers the ultimate answer. It takes us back to the year 1576, to the wild land of Transylvania and to the early life of Prince Vladimir who came to be the horror known as Dracula. The result is a story as remarkable and extraordinary as the Bram Stoker classic. Battles, intrigues, sorcery, sexual passion, hauntings, a mechanical tortoise and a burning rhinoceros all have their part to play in a thrilling narrative that nevertheless plunges deep into the mystery of Evil. With The Dracula Papers Reggie Oliver presents a grand tour of the sixteenth century, and of every variety of occult lore surrounding the vampire myth, that is rollicking, wise, macabre, but always unexpected. The Scholar's Tale is the first volume of a scholarly and picaresque Gothick Extravaganza.
