Killer Germs

Barry Zimmerman, David Zimmerman

Killer Germs Barry Zimmerman, David Zimmerman

Everything readers ever wanted to know about deadly viruses, killer parasites, flesh-eating microbes, and other lifethreatening beasts but were afraid to ask

What disease, known as "the White Death" has killed 2 billion people, and counting?

What fatal disease lurks undetected in air conditioners and shower heads, waiting to become airborne?

How lethal is the Ebola virus, and will there ever be a cure for it?

How do you catch flesh-eating bacteria?

Killer Germs takes readers on a fascinating (sometimes horrifying) journey into the amazing world of viruses, bacteria, protozoa, fungi, and worms and explores the roles they have played in shaping the course of human history. From biblical plagues, to the AIDS crisis, to supergerms of the future, this updated and revised edition of the original covers the whole gamut of diseases that have threatened humanity since its origins.

It also includes a new chapter on the history of bioterrorism and the deplorable role it has played and is likely to play in the phenomenal diversity of diseases.

Florence Nguyen:

As a pupil exactly feel bored in order to reading. If their teacher asked them to go to the library or to make summary for some reserve, they are complained. Just small students that has reading's soul or real their passion. They just do what the instructor want, like asked to go to the library. They go to right now there but nothing reading really. Any students feel that looking at is not important, boring and can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important to suit your needs. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. So , this Killer Germs can make you experience more interested to read.

Maurice Lamothe:

What is your hobby? Have you heard which question when you got pupils? We believe that that question was given by teacher to the students. Many kinds of hobby, Every person has different hobby. So you know that little person like reading or as studying become their hobby. You should know that reading is very important in addition to book as to be the issue. Book is important thing to include you knowledge, except your teacher or lecturer. You see good news or update with regards to something by book. Numerous books that can you go onto be your object. One of them is this Killer Germs.
