Profiles of Personality: An Approach-Based Companion

Eugene Mario DeRobertis

Profiles of Personality: An Approach-Based Companion Eugene Mario DeRobertis

This book was designed to help instructors communicate meaningfully with their students about personality. The text is not arranged chronologically, nor is it structured according to historical lineage. Rather, the theories are presented according to the kind of approach that the theorists have taken in order to conceptualize personality. Thus, Profiles of Personality allows students to experience the study of personality as a way of thinking about the dynamic processes of living and lifelong becoming.
