General, Organic and Biochemistry

Katherine Denniston, Joseph J. Topping

General, Organic and Biochemistry Katherine Denniston, Joseph J. Topping

The fourth edition of "General, Organic, and Biochemistry" is designed to help undergraduate health-related majors and students of all other majors understand key concepts and appreciate the significant connections between chemistry, health, disease, and the treatment of disease. This text strikes a balance between theoretical and practical chemistry, while emphasizing material that is unique to health-related studies.
