What if one goal could change everything? Have you felt like you've read every book on goal achievement out there but still don't know how to make it happen? Then this is the book is for you! Author Ursula Mentjes has created a goal clarification process that will allow the reader to choose their own Great Goal and put them on the road to achievement while also living in service and on purpose. One Great Goal will simplify everything in the reader's life and make their goal crystal clear so that they can experience The Power of One. At the same time, One Great Goal will also tie Soul Purpose to goal achievement—so the reader will be clear on how their purpose relates to their One Great Goal and why that discovery is critical to their ongoing success. Ursula shares her own personal struggles and triumphs on her journey to really understanding the power of One Great Goal in her own life. It took her a long time to discover this simple process, which is why she does not want to keep it a secret. The readers will be taken on a journey that will require them to face questions about their life thus far, their Soul Purpose, their limiting beliefs, and finally a Goal Clarification Process to bring ultimate clarity. Imagine a world where everyone is living in their Soul Purpose and on track with their One Great Goal!
