Think it's difficult to get into Harvard University? Try Vita Post Mortem Academy, a prestigious high school where John F. Kennedy teaches a class called American Ghosts stories, Albert Einstein grades science tests, and history's most brilliant and deceased minds make up the rest of the teaching staff. Not a problem for Jules Winklevoss, one of the few who can see spirits. Getting into school was a cakewalk, but Jules learns not all spirits are engaging and inspiring teachers. Fourteen years ago, Jules's family thwarted an evil spirit's rise to power. Now, the evil spirit wants revenge on all Winklevoss's, beginning with Jules. As if evil spirit problems aren't enough, add best friend drama, unattainable boy crushes, and homework to the mix, and needless to say, high school is going to be dreadful. Jules is determined to protect her family and keep herself alive, even if that means delving into the world of the dead.
