Field education is at the heart of social work education. However, for anyone who is a field instructor or for anyone teaching field instructors, there has not been a useful, up-to-date textbook available to guide field instructors for quite some time. Learning to Teach, Teaching to Learn is for field instructors and for students. The book lays out, step-by-step, how to achieve a quality field education experience for both students and field instructors by placing the field instructor student relationship as central to achieving learning goals and objectives. This how-to in field instruction is a book no field instructor or student can go without.
