Ms. Patty Bostwick Taylor M.S.

Student Notebook and Study Guide to Accompany The Human Body 3e: Concepts of Anatomy and Physiology Ms. Patty Bostwick Taylor M.S.

This *Student Notebook and Study Guide*, the ideal companion to Bruce Wingerd's *The Human Body*, reinvents the traditional study guide by giving students a tool to help grasp information in class and reinforce learning outside of class. Too often, students struggle to both learn the concepts presented and simultaneously record crucial information. The *Student Notebook and Study Guide* provides a structure for recording in-class material that parallels the text's concept presentation, and includes supplemental questions and activities for assignment outside of the classroom. A complete answer guide for both the in-class and out-of-class materials is available online.
